

WELCOME TO THE
THEATRE DANCE
ASSOCIATION

THE LAUNCH OF TDA

Saturday 4th December 2004 - the launching of the
Theatre Dance Association

and we knew we were just one step away
from a new beginning – a new beginning for dance,
for what it has to offer, for how it is taught and
presented and for where it takes dance teachers
and their pupils in this new millennium.

We received an overwhelming response to
this new and innovative association which
began as an adventure and as with all adventures,
we had no idea where it would lead us! But we were
hopeful! We connected with a sense of
resilience and bravery; we drew a deep breath,
focused ourselves and knew that just the energy
in our attempt was strong enough to sustain us.

tda
fabulous

And so began the most important journey of our lives – the biggest adventure that we would ever undertake, for the biggest adventure anyone can ever undertake is to live the life of their dreams. We were doing just that!

The Theatre Dance Association took its first breath and we got on with doing what we knew we should be doing – building a new and respectful association that focuses on creating opportunities for dance teachers, dancers and dance as a whole, and in doing so, it has led us to become the fullest human beings that we can possibly be! We have worked around the clock to create an association worthy of its members, and strangely enough, the more chaotic and stressful things were on the outside, the calmer we became on the inside!

BE INSPIRED.....
